And here I, and here I, and here I am...

And here I, and here I, and here I am...

E F# D
Look at the stars and count them if you can

E F# A D
I am the Lord your God and tell them, "I Am"

E F# D
I'll lift you up with my righteous hand

E F# A
And I am with you until the end

F# G A
I've been there from the start

F# G A
And I have set you apart

F# G A
You're mine and I will see

F# G D
You lifted up as you glorify me

Look at the stars and count them if you can
I am the Lord your God and tell them, "I Am"
I'll lift you up with my righteous hand
And I am with you until the end

You know where I'm going
You know just where I'll be
I'm coming back don't you forget I
Will be at the appointed time

Look at the stars and count them if you can
I am the Lord your God and tell them, "I Am"
I'll lift you up with my righteous hand
And I am with you until the end...
